Reporting to Regional Office of Healthcare Regulations: Nothing New

c) Emergency Situations

When the allegations are of an emergency nature, the Department will evaluate the facts and determine an investigation schedule pursuant to Section 3-702 of the Nursing Home Care Act. Examples of emergency situations include, but are not limited to:

- 1) Hazardous environmental conditions, such as heating and cooling problems, fire safety issues, and chemical fumes;
- 2) Missing persons;
- 3) Life-threatening communicable diseases, such as hepatitis, influenza, and symptoms of food-borne illness;
- 4) Threats of suicide on which the facility has not taken action.

Long-Term Care Facility & IID - Serious Injury Incident Report

Illinois Administrative Code 77, 300.690b), 330.780b), 340.1330b), 350.700b), 390.700b). The facility shall notify the Department of any serious incident or accident. For purposes of this Section, "serious" means any incident or accident that causes physical harm or injury to a resident.

General Information

Report Type Initial Final Incident Date: Facility Type SNF ICF SC CLF ICF/DD MCDD

Facility Name Time of Incident Report Date

The General Assembly's Illinois Administrative Code database includes only those rulemakings that have been permanently adopted. This menu will point out the Sections on which an emergency rule (valid for a maximum of 150 days, usually until replaced by a permanent rulemaking) exists. The emergency rulemaking is linked through the notation that follows the Section heading in the menu.

SUBPART A: GENERAL PROVISIONS

- [Section 690.10 Definitions](#)
- [Section 690.20 Incorporated and Referenced Materials](#)
- [Section 690.30 General Procedures for the Control of Communicable Diseases](#)

SUBPART B: REPORTABLE DISEASES AND CONDITIONS

- [Section 690.100 Diseases and Conditions](#)
- [Section 690.110 Diseases Repealed from This Part](#)

TITLE 77: PUBLIC HEALTH
CHAPTER I: DEPARTMENT OF PUBLIC HEALTH
SUBCHAPTER k: COMMUNICABLE DISEASE CONTROL AND IMMUNIZATIONS
PART 690 CONTROL OF COMMUNICABLE DISEASES CODE
SECTION 690.100 DISEASES AND CONDITIONS

Section 690.100 Diseases and Conditions

The following diseases and conditions are declared to be contagious, infectious or communicable and may be dangerous to the public health. Each suspected or diagnosed case shall be reported to the local health authority, which shall subsequently report each case to the Department. The method of reporting shall be as described in the individual Section for the reportable disease.

- a) Class I(a)
The following diseases shall be reported immediately (within three hours) by telephone, upon initial clinical suspicion of the disease, to the local health authority, which shall then report to the Department immediately (within three hours). This interval applies to primary reporters identified in Section 690.200(a)(1) who are required to report to local health authorities and to local health authorities that are required to report to the Department. The Section number associated with each of the listed diseases indicates the Section under which the diseases are reportable. Laboratory specimens of agents required to be submitted under Subpart D shall be submitted within 24 hours to the Department laboratory.
 - 1) Any unusual case of a disease or condition caused by an infectious agent not listed in this Part that is of urgent public health significance 690.295

Center for Clinical Standards and Quality/Survey & Certification Group

Ref: QSO-20-38-NH
REVISED 03/10/2022

DATE: August 26, 2020
TO: State Survey Agency Directors
FROM: Director
Survey and Certification Group
SUBJECT: **Interim Final Rule (IFC), CMS-3401-IFC, Additional Policy Revisions in Response to the COVID-19 Public Health Emergency Long-Term Care (LTC) Facility Testing Requirements**

IDPH Guidance: HCP not up to date will be required to test twice a week, not tied to community levels

Memorandum Summary

- CMS is committed to taking critical steps to ensure America’s healthcare facilities continue to respond effectively to the Coronavirus Disease 2019 (COVID-19) Public Health Emergency (PHE).
- On August 25, 2020, CMS published an interim final rule with comment period (IFC). This rule establishes **Long-Term Care (LTC) Facility Testing Requirements for Staff and Residents**. Specifically, facilities are required to test residents and staff, including individuals providing services under arrangement and volunteers, for COVID-19 based on parameters set forth by the HHS Secretary. This memorandum provides guidance for facilities to meet the new requirements.
- *Replaced the term “vaccinated” with “Up-to-date with all recommended COVID-19 vaccine doses” and deleted the term “unvaccinated.”*
- *Updated the recommendations for testing individuals within 90 days after recovering from COVID-19.*

DEPARTMENT OF HEALTH & HUMAN SERVICES

Baltimore, Maryland 21244-1850

Center for Clinical Standards and Quality/Survey & Certification Group

Ref: QSO-20-39-NH

REVISED 03/10/2022

DATE: September 17, 2020

TO: State Survey Agency Directors

FROM: Director
Survey and Certification

SUBJECT: Nursing Home Visitation

Visitors who have a positive viral test for COVID-19, symptoms of COVID-19, or currently meet the criteria for quarantine should not enter the facility until they meet the criteria used for residents for isolation and quarantine

Memorandum Summary

- CMS is committed to continuing to take critical steps to ensure America's healthcare facilities are prepared to respond to the Coronavirus Disease 2019 (COVID-19) Public Health Emergency (PHE).
- **Visitation Guidance:** CMS is issuing new guidance for visitation in nursing homes during the COVID-19 PHE, including the impact of COVID-19 vaccination.
- **Visitation is allowed for all residents at all times.**
- *Replaced the term "vaccinated" with "up-to-date with all recommended COVID-19 vaccine doses" and deleted "unvaccinated."*
- *Updated visitor screening and quarantine criteria.*

Long-term Care Updates

➤ Application of LTC Guidance

Hang in There!!

Indicator	Low Transmission	Moderate Transmission	Substantial Transmission	High Transmission
Total new cases per 100,000 persons in the past 7 days	0-9	10-49	50-99	≥100
Percentage of Nucleic Acid Amplification Test results that are positive during the past 7 days	<5.0%	5.0%-7.9%	8.0%-9.9%	≥10.0%

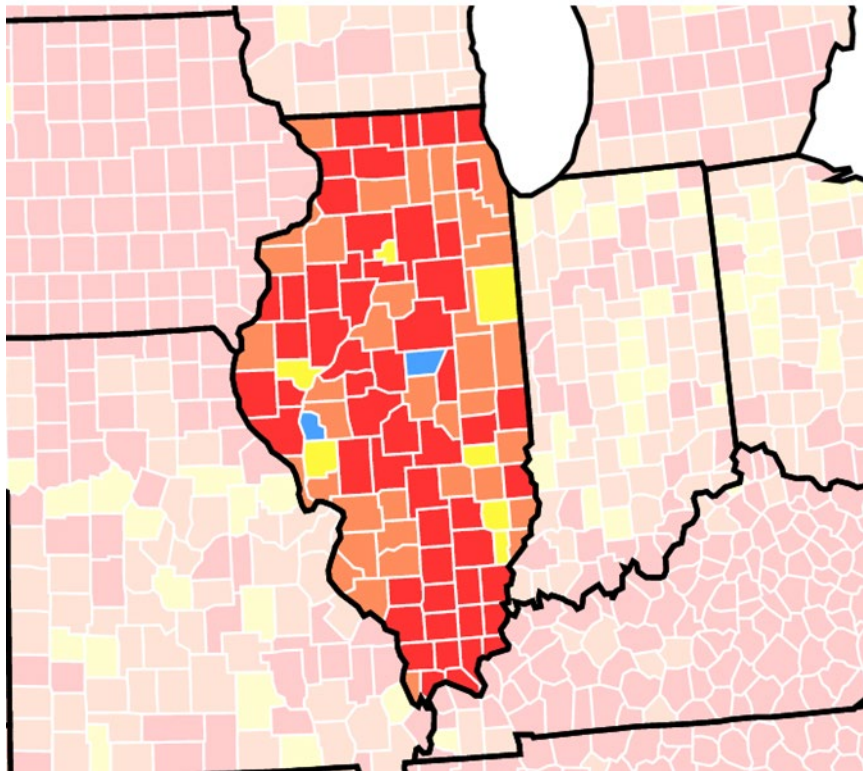

- As the number of cases continue to drop, so will the transmission rates!!
- As the number of new cases drop and the percent positive in last 7 days decreases, LTC will be able to make adjustments accordingly.

Universal PPE in LTC	Not suspected to have COVID-19 in Sub to High Community Transmission Levels	Not suspected to have COVID-19 in Low to Moderate Community Transmission Levels
N95 Respirator	Facility decision for HCP to wear N95 throughout facility if in outbreak or if unvaccinated HCP or HCP not up to date with COVID vaccinations	Facility decision for HCP to wear N95 throughout facility if in outbreak or if unvaccinated HCP or HCP not up to date with COVID vaccinations
Well-fitted Mask (surgical or procedural)	✓	✓
Eye protection	✓ (when in resident care areas)	
Gown	Use standard precautions (use when necessary)	Use standard precautions (use when necessary)
Gloves	Use standard precautions (use when necessary)	Use standard precautions (use when necessary)

Look at the Difference in One Week!

● High ● Substantial ● Moderate ● Low

March 2, 2022

March 9, 2022

Executive Order, Administrative Rules, and Testing Requirements

- Last week stated that community transmission levels won't impact routine testing intervals of staff who work in **CMS-Certified facilities** who are **Not Up to Date** with COVID-19 Vaccinations –because **twice a week testing will be required** regardless of the community transmission rates (levels); **however, it is not just CMS certified facilities but all facilities that are licensed under the following administrative codes:**
 - **77-300: Skilled Nursing and Intermediate Care Facilities Code**
 - **77-350: Intermediate Care for the Developmentally Disabled Facilities Code**
 - **77-390: Medically Complex for the Developmentally Disabled Facilities Code**

Q & A Updates from March 4, 2022 Webinar

Q & A Updates

Leaving the Care Community for Interaction in the Community

Q: What safety protocols should be followed by residents and staff when interacting with the community while shopping, working, or attending social events?

A: Masks should be worn by residents and staff when on outings. Physical distancing and hand hygiene should be practiced.

Q: What safety protocols are recommended for unvaccinated staff who are transporting groups of residents in the same vehicle?

A: Staff and residents should be screened for symptoms prior to transport. The staff member should wear a well-fitted mask or respirator at all times. Residents should be masked. Physical distancing should be practiced.

Q & A Updates

Vax Verify and I-CARE

Q: How can a residents vaccination status be verified?

A: Congregate Care settings can register for read only access to I-CARE.

<https://dph.illinois.gov/content/dam/soi/en/web/idph/files/forms/i-care-access-enrollment-packet.pdf>

Individuals can only access their own vaccination information in Vax Verify. For those with read-only access to the acute care electronic health record, you should be able to access the immunization record.

Q: Who can correct an I-CARE entry?

A: Only the entity that administered the vaccine can correct the entry.

Q & A Updates

COVID-19 Infection and Up to Date Requirements

Q: How soon after COVID-19 infection can an individual receive a booster dose?

A: Once an individual has recovered from the acute illness and criteria for discontinuing isolation have been met, they can receive the booster.

Q: Are those who were recently infected with COVID-19 still required to get their booster?

A: Yes, if they are eligible. Recent infection with COVID-19 does not exempt an individual from the booster requirement if they are eligible.

Q & A Updates

Up to Date Requirements

Q: Is a booster dose required for staff?

A: Executive Order 2022-05 and the most recent Emergency Rules requiring staff to be up to date apply to 77 ILL. Adm Code 300 SNF/ICF, 77 ILL. Adm Code 350 ICDD, and 77 ILL. Adm Code 390 MC/DD. It requires staff in those facility types to be up to date or undergo twice weekly testing.

Q: How long after a staff member is eligible for a booster will they need to receive the booster to be up to date?

A: Staff are encouraged to receive the booster as soon as eligible. After March 15, if they are eligible and not up to date they must undergo twice weekly testing until they are up to date.

Q & A Updates

Tuberculosis Screening

Q: What are the requirements for screening staff and residents for tuberculosis?

A: Screening is required at hire and admission. Beyond the at hire and admission requirements, screening is based on the facility TB risk assessment.

<https://www.ilga.gov/commission/jcar/admincode/077/077006960B01400R.html>

TB Risk Assessment Tool

<https://www.cdc.gov/mmwr/preview/mmwrhtml/rr5417a1.htm#AppendixB>

Q & A Updates

Candida auris

Q: Can *Candida auris* cause infection and colonization?

A: Yes. *Candida auris* can cause blood stream infection, wound infection, ear infection, and also has been isolated from respiratory and urine specimens. Individuals can also be colonized on the skin.

Q: What testing can be performed to identify *Candida auris*?

A: To identify *Candida auris* colonization, skin cultures of the axilla and groin are collected. Clinical cultures collected due to suspected infection can also identify *Candida auris*.

Q & A Updates

Updated Guidance Document

Q: When will the updated guidance document be available?

A: The guidance document is still undergoing the clearance process.

Extensively Drug-Resistant Organism (XDRO) Registry

HOW TO GET ACCESS TO THE XDRO REGISTRY

Who can register for access to the registry?

- Healthcare facility and laboratory providers in Illinois may register for access.
- They will need to go through IDPH's security process and be authorized by their facility's portal registration authority (PRA).

Registry Access

- IDPH has a Web Portal to house IDPH applications, including the XDRO registry
- Users must apply for an IDPH Web Portal account and indicate that they want XDRO registry access
- Apply for access at: <http://portalhome.dph.illinois.gov/>

Request an IDPH Web Portal Account

User Registration

Web Portal User Agreement

USER MUST READ THIS WEB PORTAL USER AGREEMENT BEFORE APPLYING FOR, ACCEPTING, OR USING A USER ACCOUNT TO ACCESS THE ILLINOIS DEPARTMENT OF PUBLIC HEALTH (IDPH) WEB PORTAL. IF THE USER DOES NOT AGREE TO THE TERMS AND CONDITIONS OF THIS WEB PORTAL USER AGREEMENT, AN ACCOUNT WILL NOT BE ISSUED IN HIS/HER NAME.

This Agreement will become effective on the date the facility employee (User) submits the user registration application form to the designated Portal Registration Authority (PRA) at his/her Facility. By submitting the registration application form, the User is expressing his/her agreement to the terms of the Web Portal User Agreement (Agreement).

The Web Portal User agrees to:

1. Make true representation regarding information to be used in his/her profile for identification and authentication purposes;
2. Upon issuance of a Web Portal User account, the applicant as the user will review the associated profile to ensure that all user information included is accurate;
3. Make use of the portal resources solely for legal and authorized State and Public Health business, consistent with applicable local, state and federal laws, mandates and regulations;
4. Take reasonable precautions to prevent any compromise, modification, loss, disclosure, or unauthorized use of his/her user account and associated privileges;
5. Protect his/her associated user password by following the required guidelines for password definition and maintenance;
6. Immediately inform the Portal Registration Authority or the IDPH Security Administrator (SA) of a suspected compromise of the user account;
7. Review and follow changes and updates to policies for using the Web Portal posted on this web site.

The Web Portal User agrees to adhere to the Password Guidelines as follows:

1. Not easily guessed and no common words or names.
2. A combination of letters and numbers
3. A minimum of eight characters
4. Changed at least every 90 days and whenever it is suspected someone knows the current password
5. Unique within a 12 month period - passwords not reused or repeated.

The Web Portal User agrees to adhere to Confidentiality Requirements as follows:

1. The User shall secure his/her password to the Web Portal.
2. The User shall not use, divulge, or otherwise compromise the integrity of his/her user account and password
3. To access the Web Portal only in the course of his/her official duties as an employee of the Facility
4. To maintain confidentiality of all data, documents, memoranda and any other materials accessed from the Web Portal
5. In the event User needs to share materials obtained from the Web Portal with other individuals, the User will only provide such materials to authorized employees at the Facility, and the User will ensure those authorized employees agree to adhere to the requirements contained in this agreement
6. That the information and materials the User may access at the Web Portal contains confidential and proprietary information of the Illinois Department of Public Health
7. To not disclose orally, nor prepare any writings, reports, publications, etc., or disseminate in any other manner materials contained in or obtained from the Web Portal for release to third parties, except as specifically required by or with the written permission of the Illinois Department of Public Health
8. If the User receives a request for information from the Web Portal link, the User will notify the Department of Public Health immediately. A request for information includes a subpoena, court order, Freedom of Information Act request or a request from a researcher. Any issue whether information is to be released shall be resolved by the Department
9. In the event the User fails to adhere to the provisions contained within the agreement, the User shall be subject to any or all of the following: termination from access to the Web Portal, discipline, and termination from employment
10. All other information required to be kept confidential in accordance with Confidentiality/Privacy Policies enforced by IDPH.

The User agrees to Termination as follows:

1. Violation of this agreement or of the trust relationship with IDPH may result in IDPH terminating the User agreement and revoking User privileges.
2. The User acknowledges that a violation of this agreement will result in irreparable harm, and hereby accepts responsibility for his/her actions.
3. Misuse of information technology resources may also subject the User to penalties under state and federal law not limited to the Computer Crime Prevention Law (720 ILCS 5/16D).

Disclaimer of Liability

Neither the Illinois Department of Public Health nor any of its employees shall be held liable for any improper or incorrect use of the information described and/or contained in the Web Portal and assumes no responsibility for anyone's use of the information. In no event shall the IDPH web site, web portal, or its employees be liable for any direct, indirect, incidental, special, exemplary, or consequential damages (including, but not limited to, procurement or substitute goods or services; loss of use, data, or profits; or business interruption) however caused and on any theory of liability, whether in contract, strict liability, or tort (including negligence or otherwise) arising in any way out of the use of this system, even if advised of the possibility of such damage. This disclaimer of liability applies to any damages or injury, including but not limited to those caused by any failure of performance, error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, theft or destruction or unauthorized access to, alteration of, or use of record, whether for breach of contract, tortious behavior, negligence or under any other cause of action.

Welcome to the IDPH Web Portal

From here, you can:

- Find all your public health related information at one secure site.
- Join online communities to share files, discussions, calendars and more.
- Access Web-based applications.

Requirements: To access the IDPH Web Portal, users must be running Internet Explorer 9.0 or higher. Some portal applications may not function properly with other browsers such as Mozilla Firefox.

Current Users: click here to access the portal: [DPH Portal Login](#)

PASSWORDS:

IDPH has a new and easier way to **RESET** your own password!

To reset your password without calling the IDPH Helpdesk or the State of Illinois DoIT Customer Service Center, go to [DoIT Identity Management](#) and follow the prompts.

- In order to utilize this solution, you must have an email address that is individual to you only, no shareable email addresses are allowable

For step-by-step instructions on the new self-password reset process, click [here](#).

Select “Production Apps”

The screenshot shows the IDPH web portal interface. At the top left is the IDPH logo with the text "IDPH web portal" and "ILLINOIS DEPARTMENT OF PUBLIC HEALTH". To the right of the logo is a "Home" link. In the top right corner, there are icons for "I Like It" and "Tags & Nntec". Below the logo is a navigation bar with links for "Home", "Applications", "Communities", "Personnel", and "Worksite Wellness". A search box labeled "Search this site..." is located on the right side of the navigation bar. The "Applications" dropdown menu is open, showing three options: "Production Apps", "Test Apps", and "Development Apps". The "Production Apps" option is highlighted. Below the navigation bar, there are several featured links and announcements. The first is "SIREN - State of Illinois Rapid Electronic Notification", which provides regional, State, and Federal partners with a comprehensive information sharing, collaboration, alerting, and notification solution. The second is "I-TRAIN", described as "The one-stop-shop for public health workforce learning needs!". The third is "Communicable Disease Topics from A to Z", which provides indexed guidance for the surveillance and control of disease. At the bottom, there is a "PASSWORD SYNCHRONIZATION CHANGE" announcement for SIREN members who are also IDPH employees or IDPH webportal (HAN) users only.

SIREN - State of Illinois Rapid Electronic Notification
SIREN provides regional, State, and Federal partners with a comprehensive information sharing, collaboration, alerting, and notification solution.

I-TRAIN
The one-stop-shop for public health workforce learning needs!

Communicable Disease Topics from A to Z
This website constitutes the CD Section infectious disease A to Z indexed guidance for the surveillance and control of disease. This information is periodically updated based upon evolving standards and disease control guidelines.

PASSWORD SYNCHRONIZATION CHANGE for SIREN members who are also IDPH employees or IDPH webportal (HAN) users only:

Select “XDRO registry” icon

The screenshot shows the IDPH web portal interface. At the top left is the IDPH logo with the text "IDPH web portal" and "ILLINOIS DEPARTMENT OF PUBLIC HEALTH". To the right of the logo is a "Home" link with a right-pointing arrow. Below the logo is a dark blue navigation bar with the following menu items: "Home", "Applications", "Communities", "Personnel", and "Worksite Wellness", each with a small downward-pointing arrow. On the left side of the page is a vertical sidebar menu. It has a header "IDPH WEB PORTAL" and two main sections: "RESOURCES" and "DIRECTORIES". Under "RESOURCES", there are links for "CMS Service Desk", "IDPH Intranet", "IDPH Strategic Plan", "Outlook Web Access", "eTime", "SIREN", "TeamViewer Remote Assistance Launcher", "Workforce Development Training", and "Transfer a File Using MoveIT". Under "DIRECTORIES", there are links for "E-Directory Search", "Local Health Departments", "IDPH Acronyms", and "Portal Registration Authorities". The main content area on the right is titled "Application Announcements" and "Production Applications". It lists several items, each with a small icon and a text label. The items are: "Business Objects 3.1 - (NEW VERSION)", "Business Objects 3.1 - (NEW VERSION) - Internal Only", "I-NEDSS", "ORS", and "XDRO registry (extensively drug resistant organism)". The "XDRO registry" item is highlighted with a red rectangular box.

HOW TO SUBMIT A REPORT

Illinois CRE definition

Enterobacterales with at least one of the following test results:

1. Molecular test (e.g., PCR) specific for carbapenemase

OR

2. Phenotypic test (e.g., Modified Hodge) specific for carbapenemase production

OR

3. For *E. coli* and *Klebsiella* species only: non-susceptible to ONE of the carbapenems (doripenem, meropenem, or imipenem) AND resistant to ALL third generation cephalosporins tested (ceftriaxone, cefotaxime, and ceftazidime).

- Report 1st CRE event per patient per encounter
- If a case of CRE meets this definition, you are required to submit to the XDRO Registry within 7 days of receiving the report

XDRO Report - Test Nursing Home

Patient information

Patient name: Smith, Jane

MRN: 123456

Admission date: 12/01/2019

Date of birth: 01/01/1956

SSN (last 4):

Gender: female

Race:

Ethnicity:

Address: 123 Main Street, Chicago, Cook, IL 12345

XDRO culture information

Organism: *Klebsiella pneumoniae*

Culture date: 12/10/2019

XDRO criterion: Molecular test

Specimen source: Blood

Mechanism of resistance: KPC

Comments:

HOW TO QUERY

For interfacility communication

When to Query

- We encourage you to query the registry when evaluating whether a patient/resident at your facility requires special precautions to reduce transmission of MDROs.
- Querying is manual. For facilities with few admissions per day (e.g., nursing homes and long-term acute care hospitals), querying every patient/resident admission may be feasible.

Search Patient

*** Last name***** Date of birth** / / **First name**

Search Instructions

a. Available fields

Last name (required), first name (optional), DOB (required).

b. Search algorithm

- i. If you enter all 3 fields, then attempt to match (exact; case insensitive) on all 3 fields.
- ii. If no match returns on 3 fields, then attempt to match (exact; case insensitive) on last name and DOB (ignore first name completely).

c. Results display

- i. In general, you will see the search results for exactly how you entered the information. If there are no exact matches for last name and dob, you will see a NULL result.

Query

Showing results for bug, super DOB 1/1/1914:

RID	Name	Date of Birth	SSN	Organism	Culture Date	Last Transaction	Facility
12248	Bug, Super	01/01/1914		<i>Pseudomonas aeruginosa</i>	05/13/2019	submitted,05/13/2019	Test Nursing Ho..
1236	Bug, Super	01/01/1914		<i>Escherichia coli</i>	06/10/2014	deleted,07/18/2014	Sample Hospital..
1235	Bug, Super	01/01/1914		<i>Klebsiella pneumoniae</i>	06/02/2014	submitted,06/10/2014	Test Nursing Ho..

Disclaimer: A match on name and date of birth only may not be 100% accurate. We recommend that you verify XDRO status with the patient or by contacting the facility that entered the result.

Note: As of January 2017, the Illinois Department of Public Health is entering *Candida auris* cases into the XDRO registry; such patients can be identified through the above search query. Patients with *C. auris* should be placed on standard and contact precautions and, when possible, in single rooms. More information is available on CDC's [Questions and Answers](#) and [Interim Recommendations](#) pages.

As of April 2017, IDPH is entering carbapenemase-producing *Pseudomonas aeruginosa* cases into the XDRO registry. More information is available on [CDC's website](#) .

As of June 2019, IDPH is entering carbapenemase-producing *Acinetobacter baumannii* cases into the XDRO registry. More information is available on [CDC's website](#) .
