Adding text alerts to your Cloud account

To add text alerts to your Cloud account:

• When at the home page of your Cloud account click on “Account”.
• Click on the “Users” icon > 👥
• (1) Click “Add” in the bottom left corner.
• (2) Full Name: Enter in the name of the User followed by the word Text (example: Jill Smith Text)
• (2) Email Address: The format used by phone carriers to send a text message through email is on page 4 of this document. Example: If Jill uses Verizon, the format will be her 10 digit phone number with the suffix @vtext.com, or 9094963006@vtext.com. Enter this as the email address.
• (2) User Profile: Click on the drop down arrow and select “Notification Only”. When Notification Only is selected you will not need to populate the Password field.
• (3) Select all the locations you want the users text alert to reside.
• (4) Click apply in the bottom right hand corner.
• (5) Click on “Devices”, select the device, and click on icon. Page 4 shows details to add the text notification to the device.
1. Click on “Notifications” icon
2. Check the “email box
3. Click on “Text Format Email”
4. Check the boxes on what you want to get text alerted on
5. Click “Apply”
• **Alltel**
  [10-digit phone number]@message.alltel.com
  Example: 1234567890@message.alltel.com
