

## Sign up to be a CDPH COVID-19 Vaccine Provider!

More than 2 out of every 3 VFC providers in the City of Chicago are signed up as COVID-19 vaccine providers.

If you aren't already signed up, please sign up today! Your clinic needs to complete these four steps.

- Step 1**      Review the [CDC Provider Agreement](#)
- Step 2**      Begin collecting [enrollment data](#)
- Step 3**      Submit an enrollment request in I-CARE
- Step 4**      Review CDC's [Vaccine Storage and Handling Toolkit](#)

*Even if your clinic mainly sees children under 12, please sign up! We want to make sure you're ready when a vaccine is approved for younger pediatric patients.*

For more detail, see the [COVID-19 Vaccination page on the HAN](#).
