New PFL One-Page Resource

Our PFL team has created a new one-page resource to accompany each of our 15 training topics! The one-pagers summarize the key takeaways and will make it easier to follow along during training.

5 QUESTIONS TO ASK WHEN USING A DISINFECTANT:

- 1 Is this an EPA-registered disinfectant?
- 2 What are the instructions for use?
- 3 What is the contact time?

Find the last two questions on our social media pages:

Facebook: <u>ChiPublicHealth</u> Instagram: <u>@Chipublichealth</u> Twitter/X: @ChiPublicHealth

LinkedIn: Chicago Department of Public Health

Events in Healthcare

Patient Safety Awareness Week, March 9-15th
Project Firstline spotlights National Patient Safety
Awareness Week because patient safety is an essential
part of any infection control mission in caring for and
protecting patients.

National Doctors Day, March 30th

PFL thanks all doctors, especially those on the front lines, for working to prevent and control infections. We appreciate everything you do to save lives and make healthcare safer.

PFL-Chicago is available to answer your IPC questions, schedule onsite trainings (earn CEU credits), direct you to free CDC educational materials, and more!

Scan the QR code below to go to our <u>HAN page</u> to learn more.
